Section 2 – List of Network Providers .....viii

- Table of Contents ..... 1

# Section 1 – Introduction

---

This directory provides a list of *UCare for Seniors* network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

You will have to choose one of our plan clinics listed in this directory to be your **Primary Care Clinic** (PCC). The term “PCC” will be used throughout this directory. Generally, you must get your health care coverage from your PCC. You can see any Primary Care Physician (PCP) at your clinic.

The “network providers” listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory. You can get all covered services on your own, without a referral. If you have been going to one network provider, you are not required to continue going to that same provider.

Sometimes, even network doctors are not aware that they should send you to a network hospital for inpatient care. If you need to go to a hospital, work closely with your doctor to choose the most appropriate facility for your needs from the hospitals in the *UCare for Seniors* network.

In some cases, you may get covered services from out-of-network providers. The Point-of-Service (POS) benefit provides access to non-contracted, out-of-network Medicare providers. You do not need a referral from your PCC to use the POS benefit. (See below for details about POS.)

If you obtain routine care from out-of-network providers, neither Medicare nor *UCare for Seniors* will be responsible for the costs, except as described in the next section. With the exception of emergencies, or urgent care, or out-of-service-area renal dialysis, or some other services, it may cost more to get care from out-of-network providers.

## Point-of-Service benefit

The Point-of-Service benefit is available for certain non-urgent, non-emergent covered services provided by out-of-network Medicare physicians and facilities. Generally, you pay higher out-of-pocket costs if you choose to see a provider who is not contracted with UCare.

With the Point-of-Service benefit, for most services, UCare pays a percentage of the Medicare-allowed amount and you pay a smaller percentage. Refer to your Evidence of Coverage for details.

When you receive needed care from a provider who is not part of the plan network, you are only responsible for paying your share of the cost, not for the entire cost.

- If you pay the entire amount yourself at the time you receive care, you need to ask us to pay you back for our share of the cost. Send us the bill, along with documentation of any payments you have made.
- At times you may get a bill from a provider asking for payment that you think you do not owe. Send us this bill, along with documentation of any payments you have already made.
  - If the provider is owed anything, we will pay the provider directly.
  - If you have already paid more than your share of the cost of the service, we will determine how much you owed and pay you back for our share of the cost.
- Mail your request for payment together with any bills or receipts to us at this address:

P.O. Box 52

## Emergency and Urgently Needed Care/ Renal Dialysis

**Please note:** Emergency care, urgently need care, and out-of-service-area renal (kidney) dialysis are required under the Medicare program to be covered at in-network cost-sharing for both plan and non-plan providers.

Emergency care can always be obtained in or out of the service area from the nearest available provider. When in the service area, you must use plan providers for urgent care. When you are out of the service area and cannot get care from a network provider, we will cover urgently needed care that you get from any

provider. In addition, when out of the service area you can obtain dialysis treatment from any qualified dialysis provider. If you obtain routine care, except for the Point-of-Service coverage described on the previous page, from out-of-network providers, neither Medicare nor *UCare for Seniors* will be responsible for the costs.

*UCare for Seniors* provides worldwide emergency and urgently needed care coverage with copays.
